

# Must Do:

- \_\_\_\_\_ Go back and look at your assignments to make sure they are complete. Fix spelling errors, and correct poor handwriting.
- \_\_\_\_\_ Complete vocabulary assignments including writing sentences with key vocabulary and recording interesting words from the chapters. Pick a few interesting words to look up in the dictionary!
- \_\_\_\_\_ Read an article that is related to the book you are reading. Complete any assignments your teacher has given to go with the article.
- \_\_\_\_\_ Pick a favorite part of the book that you would like to read out loud to a friend. (Select a passage that is about 1 page or 200 words.) Take time to practice reading the passage smoothly and with good expression. After practicing several times, get together with your friend and tell him/her a little bit about your book. Then have your friend rate you on how well you read.
  - Did you read smoothly?
  - Did you read with good expression?
  - Did you read at a good rate—not too fast and not too slow?
  - Answer any questions your friend has about your book.

# May Do:

- \_\_\_\_\_ Visit the school or classroom library and select a book or magazine to read independently.
- \_\_\_\_\_ If you have questions about the topics in your book, look up those topics and learn more information.
- \_\_\_\_\_ Writers get ideas from reading. Spend time writing your own story, report, or persuasive letter, and then find someone to share your writing with!
